Since it is vital that our patients understand our relationship with insurance companies this statement is necessarily straightforward to prevent any possible misunderstandings, disagreements or disappointments.

If you believe that your medical needs are covered by insurance, please be aware that the health insurance contract you have is between you and your insurance company, not Amara and your company. In the event that your insurance company refuses payment for services rendered, you will be responsible for payment in full.

LAB INSURANCE MAY NOT COVER ALL FEES

If you have insurance, all labs costs are submitted to your insurance company by the Laboratory, not by Amara. We can't guarantee the payment to the lab company by your insurance, as the contract you have is between you and your insurance company.
